

Easy 1-strut Kite-making Instructions

- 1) Fold Paper in half crossways (short side)
- 2) Fold back top layer on diagonal from point A to B as shown,
(Approximately 1-inch from top left folded edge down and across to 1-inch from bottom right edge)
- 3) Turn paper over and make the same diagonal fold on other side
- 4) Tape down bamboo skewer across pointed top from point C to D as shown
- 5) Use hole-punch to make hole at base for ribbon tail
- 6) On other side fold back and tape down 'spine'-fold, then punch hole into spine about an inch below bamboo skewer, tie-on length of yarn for kite-string.
- 7) ...Go fly your Kite!
